Wipro earthian Awards 2022 Felicitate Excellence in Sustainability Education

BANGALORE, India – February 15, 2023: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading technology services and consulting company, organized the 12th edition of Wipro earthian awards for the year 2022. The annual awards recognize excellence in sustainability in education in schools and colleges in India. The awards ceremony was held on the 11th of February 2023 at the Wipro Limited, Sarjapur Road campus.

Wipro earthian is one of India's largest sustainability education programs for schools and colleges. The 2022 edition of the Wipro earthian school program received over 1,200 project entries, out of which 20 winning and 20 shortlisted entries were selected by an independent jury. The teams from schools demonstrated their understanding of biodiversity, waste and water through a combination of activity-based learning programs and written essays.

The Wipro Climate Challenge for college students was launched in 2022, and had more than 2,000 entries, out of which five teams were selected for the winning start-up ideas.

Rishad Premji, Executive Chairman, Wipro Limited, Anurag Behar, CEO, Azim Premji Foundation and Narayan P.S., Global Head of Sustainability and Social Initiatives, Wipro Limited, felicitated the winning teams with certificates and cash prizes. They will also get an opportunity to engage with Wipro's sustainability partners through collaborative programs that will enable a deeper understanding of issues critical to sustainability.

Narayan P.S., Global Head of Sustainability and Social Initiatives, Wipro Limited said, "Wipro earthian is our flagship program in sustainability education, working with both schools and higher education institutes. Over the years, it has evolved in scale, scope and geographic coverage. We are particularly gratified at the participation by schools from some of the most remote corners of the country. The challenges of ecological sustainability will unfortunately affect future generations the most; we see Wipro earthian as a platform for our children and the young to become agents of change by developing systemic thinking skills combined with sensitivity to the environment and society. We are pleased that the 12th edition of the event brought together students, teachers, thinkers and practitioners. We stay committed to the ideals and goals of Wipro earthian in the years ahead."

The event featured a keynote talk by Nirupa Rao, a botanical illustrator based in Bengaluru. This was followed by a panel discussion featuring Sejal Mehta, the author of the book 'Superpowers on the Shore,' Bano Haralu, a pioneering television journalist and conservationist from Nagaland and Arjun Kamdar, a wildlife scientist working on the link between economics, anthropology, and conservation. Noted quizmaster, Lloyd Saldana also hosted the 2022 National Finals of the Wipro earthian Sustainability Quiz. The day ended with a performance by Bengaluru-based band Swarathma.

The list of winning teams at Wipro earthian awards 2022 can be accessed [here](#).

Since 2011, Wipro earthian, has engaged with more than 55,000 institutes, 130,000 students and 13,000 teachers. This year, we have had our largest participation so far, with more than 1,300 submissions across schools and college. The support from Wipro's education partners such as

Centre for Environment Education (CEE), C.P.R Environmental Education Centre (CPREEC), Wild Ecologues, state governments, organizations and educators in our Sustainability Educator Program, have helped expand the reach of the program.

Forward-Looking Statements

The forward-looking statements contained herein represent Wipro's beliefs regarding future events, many of which are by their nature, inherently uncertain and outside Wipro's control. Such statements include, but are not limited to, statements regarding Wipro's growth prospects, its future financial operating results, and its plans, expectations and intentions. Wipro cautions readers that the forward-looking statements contained herein are subject to risks and uncertainties that could cause actual results to differ materially from the results anticipated by such statements. Such risks and uncertainties include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, complete proposed corporate actions, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our business and industry. The conditions caused by the COVID-19 pandemic could decrease technology spending, adversely affect demand for our products, affect the rate of customer spending and could adversely affect our customers' ability or willingness to purchase our offerings, delay prospective customers' purchasing decisions, adversely impact our ability to provide on-site consulting services and our inability to deliver our customers or delay the provisioning of our offerings, all of which could adversely affect our future sales, operating results and overall financial performance. Our operations may also be negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission, including, but not limited to, Annual Reports on Form 20-F. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
